Notes Sam Toll,

Please see attached Policies 004, 005, 010, 011, 012, and 013 related to your request. I have communicated with the Comptroller's office on several occasions about this request, and Hugh agrees that the remaining elements of your request are managed by his office. He has agreed to communicate directly with you about those matters.

Body of Request

Good Morning Mr. Osborne,

This subject has been brought to my attention by concerned county employees and scores of residents who object to this practice.

It has come to my attention that on Tuesday December 12th, County Commissioner Lance Gilman used a Storey County White SUV for personal use when he was deposed for most of the day at a Law Office in Reno.

My sources tell me that it is common practice for Commissioner Gilman to conduct substantially all his business in the County Vehicle, official and otherwise. My sources tell me Commissioner Gilman routinely entertains potential Real Estate Clients of TRIC in this County vehicle and that this County vehicle is garaged somewhere on the north side of the County so he doesn't have to drive to the VC to check out and return it.

This issue raises questions in the public interest and of public record about the use of Storey County Property:

- Is there a travel, mileage and use purpose log for the White SUV Fleet vehicles or any other vehicles available for County Commissioners to document vehicle use in connection with their duties as Commissioner.
 - If such a log exists, I hereby request a copy of all travel, mileage and use

Notes After a conversation with Superintendent Hess, I spent 3 hours compiling the data into a spreadsheet that shows an amazing fact about Bum Hess before Greg Hess was superintendent.

Body of Request

Requested information on Bum Hess Contract:

Mr. Hess,

I came across a contract between Greg Hess and the Storey County School District dated January 1st 2013

It is a simple 4 paragraph contract that provides compensation the management of "Bond Projects".

It stipulates renewal every 2 years.

The Information I am seeking includes:

Total payment to Mr. Hess under the terms of the contract:

Current status of the contract.

Anticipated cost of the contract in 2018

Thank you in advance for your kind attention to this matter,

Respectfully,

Sam Toll - Editor

Notes Nevin responded with the following statement via email:

Your "source" is partially correct, all of the Community Development staff have access to the reporting system we use. However that access is limited to the Occupancy Module only, which allows for documentation of fire and business inspections. No one, except Fire District Administration have administrative access to the entire system. The Community Development department is currently using the software to conduct business on behalf of the county and the

Body of Request

Chief Nevin,

I left a VM yesterday, January 16th and am following up with an official request today.

Thank you for returning my call but the message you left was garbled and I didn't get anything from it.

My sources tell me they have direct and personal knowledge that the Community Development staff Melissa Fields and Battle Born Consulting Gary Hames have administrative credentials to access software licensed and deployed by the Fire Department.

My sources tell me they have seen the software's list of authorized users and both Melissa Fields and Gary Hames have administrative access to the software.

My sources tell me that Melissa Fields and Gary Hames are currently using and have been using the software to conduct Battle Born Consulting and Community Development Department business for a period of at least several months.

My sources tell me anyone with administrative access to this software can view all data contained in the database including Federally Protected Health (HIPPA) Information.

Thank you,
Austin

Osborne sent 8 pdf files that he sent in an earlier correspondence.

Body of Request

Good Afternoon Mr. Hames,

On November 9th of last year you were alerted to a zoning violation on the parcel that houses The Mustang Ranch (see below).

The Commercial enterprise is operating on a parcel zoned for Agricultural use and as such is in violation of Storey County Code.

Additionally you were alerted to the fact that there is a multi-family dwelling on the premises which is also in violation of Storey County Code.

According to documents maintained by The Storey County Clerk there are 7 people who claim to live at the Mustang Ranch and use it as their residence address for voting. People cannot live in the brothel rooms according to Storey County Code.

Your office is the enforcement arm of the county for code violations.

Therefore, I am requesting public records of any and all actions taken by the Community Development Department to resolve this zoning violation to date and what steps Community Development is taking to resolve this violation moving forward.

If Community Development has taken no

Notes Hello Sam,

I verified with the Chief Deputy District Attorney that I may release the following information:

Jennifer Helen Milsap Barnes – Has a work permit
Kris Patrick Thompson – Does not have a work permit
Ciara D Martin – Does not have a work permit
Yu Hui Kang – Has a work permit
Rahelle Victoria Ussia – Has a work

Body of Request

I am seeking the work card status of the following registered voters or Elected Office Holders listing their home address at the Mustang Ranch/Wild Horse compound:

Jennifer Helen Milsap Barnes
Kris Patrick Thompson
Ciara D Martin
Yu Hui Kang
Rahelle Victoria Ussia
Luz Adriana Armas

Storey County Brothel Ordinance reads:

5.16.220 Work card registration required.

A. It is unlawful for any person to work as an independent contractor or be employed or for a licensee to employ or allow a person on the premises of a licensed operation, unless the person is the holder of a valid current work card issued by the sheriff. Customers of the brothel are exempt from this requirement.

Therefore I assume all of the above mentioned individuals possess work cards in order to claim this as their residence.

Thank you for your kind attention to this matter.

Date of Initial Response 10/15/2018
Estimated Labor Cost 0
Per Page Printing Cost 0
Notes Public Records do not exist for this request.
Mr. Hames answered some of the questions
in an email.

Body of Request

Mr. Hames,

A recent article regarding the Tesla Gigafactory indicated that the Building Permit for the Gigafactory had a water supply requirement contractually tied to it. The implication was that Tesla needed to secure water contracts to provide adequate water to the factory and that Tesla is currently 2000 acre feed short of their contractual/building permit requirement.

Record Request:

- 1). Please provide information on water requirements tied to building permits, if any.
- 2) If there is a water contract requirement binding water delivery to the Gigafactory, how does the county track the contractual supply of the water and what enforcement action will the county take if this deficit exists?
- 3). Tesla claims to be nearing completion of the Gigafactory yet GOED records reflect otherwise. How complete is the Gigafactory, in terms of percent complete from the Community Development perspective?

Thank you for your kind attention to this matter.

Notes Unanswered until I called Hugh about another matter. He said he would look into the matter with Deny Dotson.

Body of Request

Mr. Gallagher,

Happy New Year!

This document represents a public record request for the total costs spent on the County Christmas Party held at the Pipers Opera House in December.

Thank you for your kind attention to this matter.

Body of Request

Vanessa,

Periodically your office puts a check register of all county expenditures in the Commission Packet.

Unfortunately, because the information is printed landscape and then scanned, the information is difficult to read, and impractical to create analysis from due to the small and grainy type and the need to manually input the data.

With the new computer system being up and running for some time, I am wondering if this register is able to be generated as a live pdf file or better, an excel spreadsheet. I do know that it was possible to create a "live" pdf file (not scanned, but created by the software application). I have heard that it is possible

My software can extract a spreadsheet from a pdf file, but there are occasional problems that occur.

I am requesting calendar year 2018 check run in either a live pdf or excel spreadsheet.

Thank you for your kind attention to this matter.

Body of Request

Good Morning Stephanie,

Attached please find a spreadsheet I was able to download from your site titles Consolidated Tax Distribution.

It covers FY17-18.

This public record request seeks the Consolidated Tax Distribution for the past 7 fiscal years (FY16-17, FY15-16, FY14-15, FY13-14, FY12-13, FY11-12 and FY10-11)

Thank you for your kind attention to this matter.

Notes Answered Quickly attached pdf

Body of Request

Ms. Zeyas,

Thank you for the information you delivered last week via email regarding the OML violation I filed last year.

Now that the matter is closed, I assume, as it is with other Nevada law enforcement and investigating agencies, your investigation is now public record.

This represents a formal request for a copy of that investigation.

Thank you for your kind attention to this matter.

Body of Request

Dear Mr. Whitten,

In a letter to Governor Sandoval in April of 2018 you make reference to a "Smart Town" in your appeal for changing the opportunity zone from Lyon to Storey County.

This E-mail represents a public record request for all correspondence, summary of discussions, E-mails and any other information relating to the "Smart Town" with any and all parties.

This includes the Non-Disclosure Agreement former Commissioner Jack McGuffey mentioned in a public forum in relation to the "Smart Town".

Thank you for your kind attention to this matter.

Body of Request

Dear Mr. Whitten,

My sources tell me that the county is encumbered by "more than a dozen" Non-Disclosure Agreements between different entities.

While NDAs are commonplace in the private sector, they have no pl in public government.

This request seeks copies of all NDAs that have been signed by the county. This request seeks all correpondence, emails, summaries of discussions, texts, and any other information relating to any NDA the county has signed.

Thank you for your kind attention to this matter.

Mr. Osborne,

You are listed as the County Public Information Officer. As a result I am addressing this request to you. If you are not the appropriate party, please forward this to the appropriate party and advise me of such.

This email represents a public record request for information surrounding the selection of the next Storey County Manager.

I am seeking resumes, cover letters and any related information surrounding the applicants for the County Manager position.

Additionally, I am seeking the names of the appointees selected by the county commissioners and the county manager for the public advisory panel, and the appointees of the county panel as described in the most recent commissioner meeting.

I am also seeking the dates and times of the convening of these panels and inquiring if they are open to the public

Ms Weir,

Thank you for your (ultra) prompt reply to my request.

As we discussed in our phone conversation today, I have come to understand that L. Lance Gilman is conducting a "minor construction/remodeling project" in Washoe County.

I am seeking any and all plans, drawings, paperwork and related information to this project.

I have attached your Public Record Request Form.

Thank you for you kind attention to this matter.

Notes

Body of Request

Chief Nevin,

This email represents a public record request for the January 2019 version of the call and incident data titled "Commissioners Report".

Additionally, I am inquiring about the call log. In reviewing past issues of the Comstock Chronicle, I see the fire department calls reported in a list.

As you may know, the Sheriff's Office releases their calls weekly.

If there is a similar list that is convenient to assemble, Storey County residents would like to see it as well.

Thank you for your kind attention to this matter.

Body of Request

Austin Osborne
Storey County
Public Information Officer

Mr. Osborne,

This email represents a public record request regarding easements.

Is the county in legal possession of easements on the dirt portion of Lousetown Road connecting the Highlands to the Northern portion of the County.

If you could confirm this is or is not the case via email in lieu of producing actual documents, that would satisfy the intent of this record request.

Thank you for your kind attention to this matter.

Body of Request

Martin Azevedo
Acting Director
Storey County Community Development

Mr. Azevedo,

I am seeking information on all charges collected from Community Development in 2017.

I realize this is a huge task and don't want to impact your department as it is in the midst of the employee turnover and the controversy created by the departure of Gary Hames.

Ideally, a spreadsheet, pdf or other electronic form each transaction would be the best thing. Having the staff hand copy each sheet would not be the best use of your resources.

If there is no easy way to automate the process, I would be happy to come to the office and perform the manual effort required as I have done at the School District and other agencies in the past.

Please let me know the best way of handling this request.

Thank you for your kind attention to this matter.
