

**Notice of Receipt of an  
Application for a Permit to Construct**

**State of Nevada  
Division of Environmental Protection  
Chemical Accident Prevention Program**

Pursuant to Nevada Revised Statutes (NRS) Chapter 459, the Nevada Administrative Code (NAC) Chapter 459, the Administrator, Division of Environmental Protection, Carson City, hereby gives notice concerning the receipt of an application for a PERMIT TO CONSTRUCT for a facility that will be regulated under the Chemical Accident Prevention Program for the following applicant:

**Asia Union Electronic Chemicals – Reno, Inc.**

**Proposed Production Facility of 49% Hydrofluoric Acid, 37% Hydrochloric Acid, 40%  
Ammonium Fluoride and 29% Ammonium Hydroxide**

**1400 Waltham Way  
McCarran, Nevada 89434**

Once in operation, the **Asia Union Electronic Chemicals – Reno, Inc.** facility will be subject to the requirements of the Nevada Chemical Accident Prevention Program (CAPP) due to their use of Hydrofluoric Acid, Hydrochloric Acid, Ammonium Fluoride and Ammonium Hydroxide in their **Proposed Production Facility of 49% Hydrofluoric Acid, 37% Hydrochloric Acid, 40% Ammonium Fluoride and 29% Ammonium Hydroxide**. Prior to commencing construction of the process, a permit to construct must be obtained by the facility from CAPP.

Through the permitting process, NDEP will ensure that **Asia Union Electronic Chemicals – Reno, Inc.** has:

- developed process operating procedures and trained operations personnel;
- developed programs to ensure mechanical integrity of process equipment;
- developed other programs required pursuant to CAPP, designed to minimize the potential for catastrophic accidents; and,
- fully coordinated emergency response activities with local responders and the local emergency planning committee.

The following information is available for public review:

- hazardous materials and their quantities regulated pursuant to NRS 459.380;
- consequences of hazardous materials releases;
- overview of the process and plant operating information;
- proposed emergency response plan;
- a site map indicating worst case release scenarios, potential off-site receptors and hazardous material transportation routes;
- a copy of the conditional use permit

Persons wishing to comment upon the application should submit their comments in writing to:

Craig Sever, Staff Engineer  
Nevada Division of Environmental Protection  
Bureau of Air Pollution Control  
901 South Stewart Street, Suite 4001  
Carson City, Nevada 89701-5249  
(775) 687-9345  
(775) 687-6396 FAX

The application may be copied at the above address or copies may be obtained by requesting in writing at the above address. Written comments will be received at the Nevada Division of Environmental Protection at the above address until **July 30, 2019**, and will be retained and considered prior to final action on the application.

Please bring the foregoing notice to the attention of all persons whom you know may be interested in this matter.
